Community Consultation

Thank you to all the parents and community members who took the time to assist the school by providing your thoughts and feelings in regards to our school and how we can continuously improve on our efforts and achievements.

I am in the process of collating all the information which I will provide to the community once this process is completed. From here, strategic decisions will be made for our future three year plan where amendments to practice will be shaped by this consultation process.

Once again, thank you to all who provided feedback and I look forward to continuing to ‘do our best’ to provide every child in our school quality learning outcomes and opportunities.

Congratulations Mrs Constable

Last Wednesday evening, I had the pleasure of attending an event honouring the hard work and dedication of Mrs Lynne Constable at our school.

Mrs Constable received life membership of the NSW Teacher’s Federation for her work to ensure all students in our school have the conditions and opportunities to achieve their personal best.

Congratulations on this achievement Lynne!

P&C Uniform Shop

As the community would be well aware, your P&C have decided to take over the control of selling our school uniforms to our school community.

Members of the P&C will be available at school to assist parents with purchasing uniforms at considerably lower prices than our previous service provider.

I would also like to thank ‘Stitches of Batemans Bay’ for the service they have provided the school and acknowledge their professionalism during this process.

I look forward to working with the P&C in continuing to provide quality uniforms to our children thus ensuring we maintain our already high rate of uniform standards within our school.

Medication

Can I please ask parents and carers to ensure that all medication children are taking either short term or long term be stored up at the office area.

This allows appropriate supervision of administration as well as ensuring the correct child receives the correct medication and dosage.

The office ladies have also volunteered to store any overnight bags or belongings if children are staying somewhere else other than their usual home after school. This gesture will ensure all belongings, including medication, will remain safe and secure throughout the day.

Thank you,
Paul Sweeney
Principal
