Semester One Reports

Just a reminder that reports will be distributed to the children on Wednesday, June 24. These reports are a snapshot of this semester’s work.

We have altered our report format this year in response to parental feedback from the surveys at the end of last year.

We hope these reports provide the information required by parents about your child’s progress.

Thank you,

Paul Sweeney
Principal

Nationally Consistent Collection of Data On Schools Students With Disability - 2015

Our school is participating in the collection of nationally consistent data on school students with disability.

We will be collecting information already available in the school about the support that is being provided to students with disability. Better data will help the Government plan for students with disability.

The data collection will have no direct impact on your child and they will not be involved in any testing process.
